

**AT 11:17, TOMMY WILL  
START GASPING FOR AIR.**

**But soon, his family will  
breathe easier.**

**Inova Fairfax Hospital for Children is the only dedicated children's hospital in Northern Virginia.**

When a local infant had trouble breathing — one symptom of congestive heart failure — he was rushed to a nearby Inova pediatric ER. He was treated, then transported to Inova Fairfax Hospital for Children. There, children's cardiac surgeons performed life-saving surgery — evidence that any Inova hospital offers seamless access to some of the best children's

medical care in the area. Afterwards, Tommy recovered in our pediatric intensive care unit, cared for by pediatric critical care specialists. In addition to our pediatric cardiac program, Inova Fairfax Hospital for Children offers a full spectrum of pediatric specialties. At Inova,

this is our commitment to you: the care will be world-class. And it will be close by.

**INOVA® FAIRFAX  
HOSPITAL FOR CHILDREN**
